## Terms

CONMED standard terms are net thirty (30) days, F.O.B. shipping point, unless otherwise approved in writing by CONMED. All orders and transactions are subject to the laws of the state of Florida.

## To Place Your Order

Please provide a purchase order number, billing and shipping instructions, product catalog number and description, valid CONMED quotation, and quantity and pricing to one of the following:

### Your Sales Representative

#### Customer Service

Phone: 800-237-0169

Fax: 727-399-5256

E-mail: [custserv1@CONMED.com](mailto:custserv1@CONMED.com)

### CONMED

Attn: Customer Service

11311 Concept Boulevard

Largo, FL 33773-4908 USA

## True Purchasing Flexibility

CONMED Financial Services offers a variety of flexible financing programs, from leases to Pre-Procedure Programs to delayed payment plans. Ask your Sales Representative for more information on how you can acquire the latest technology through a financing program that fits your unique budgetary requirements.

## Rental Program for Instrument Sets & Capital Equipment

In every O.R., there are times when you have to schedule a case but do not have the equipment needed. Either the capital funding for the equipment has yet to be approved or you have been unable to justify the cost of the equipment due to the procedure's low volume.

For these situations, CONMED offers a rental program for procedure-specific instruments and capital equipment. Simply call CONMED at 888-587-9742 and everything that you need for the case is on its way.

To enroll in a rental program, contact your Sales Representative or call the CONMED field inventory team. Your representative will help you customize the kit(s) to fit your procedural requirements. After the case, simply return the instruments, cleaned and sterilized if appropriate, along with any disposables you did not use. The rental fee will be billed for the disposables not returned, and customer will be responsible for any expedited shipping cost.

Failure to return instrumentation/equipment at the end of the rental period will result in the customer being charged the standard rental fee automatically for each week that the instrumentation/equipment is not received by CONMED.

At CONMED, we want to offer more than a quality product. We take pride in being able to provide you with value added services to support our products. The information given in this catalog is designed to address your questions regarding product support.

## Customer Support

If you encounter a problem or need technical assistance, contact Customer Service (Product Support) or your Sales Representative. Refer to the Customer Service telephone numbers listed on page 2.

## Regulatory Compliance

Report any injuries or malfunctions to CONMED Customer Service. Refer to the Customer Service telephone numbers listed on page 2.

## Original Warranty

CONMED (the “Company”) warrants to the first purchaser or lessee (“You” or “Customer”) that the instruments, attachments and parts manufactured by or for the Company (hereinafter collectively “Instruments”) have been tested, inspected, and shipped in proper working order.

The Company warrants all new instruments to be free from defects in materials and workmanship for the following periods, measured from date of sale\*:

<b>Product Categories</b>	<b>Months</b>
All Single Use Products.....	Upon Receipt
Powered Surgical Instruments.....	12
Power Attachments and Accessories.....	12
Handpiece Cords and Power Cords .....	6
Pneumatic Hoses .....	6
Bur Guards, Blade Guards, Attachments .....	6
Battery Packs, Power Units and Accessories .....	3
Battery Chargers .....	12
Camera Consoles .....	12
Video Components .....	12
Video Cables and Light Guides.....	3
Scopes .....	12
Camera Heads .....	12
Instruments.....	12
Instrument Trays.....	3
Footswitches .....	12
Irrigation Systems (Pumps and Remotes).....	12
Reusable Procedure Specific Instruments.....	6

Following the Original Warranty, CONMED offers SHIELD Service Programs that support our products throughout their lifetime. Service programs address the necessity to control cost and greatly reduce repair turnaround time. Products not covered under a service program are subject to variable repair charges. To find out which service option best meets your needs, contact your local Sales Representative.

## Service Agreements

Service Agreements provide additional service coverage on capital equipment. This additional warranty period covers all repair costs, periodic maintenance, free loaner usage during repair time and freight charges out from CONMED both on the loaner product and the repaired instrument.

## Service Warranty

After expiration of the original warranty period, instruments may be returned to CONMED for repair at the customer’s expense. CONMED warrants that any service or repair work performed by CONMED shall be free from defects in workmanship and materials for a period of 90 days after the date the customer receives the Instrument(s). This limited warranty applies only to the actual service or repair work performed by CONMED or its authorized service centers. CONMED warrants that all parts and assemblies used in the repair or service of Instruments meet new part functional specifications, although some parts or assemblies may have been remanufactured.

CONMED components are manufactured to exacting tolerances and design specifications. As a standard practice, all repairs are subject to strict product performance and testing specifications prior to returning the Instrument to the customer. CONMED ensures that each Instrument is inspected according to the guidelines used for new manufactured Instruments. If an Instrument is determined unrepairable, CONMED will offer to sell to the customer a refurbished or brand new Instrument or comparable equivalent at a preferential price. All parts and assemblies replaced by CONMED shall become the property of CONMED.

## Minimum Service Charge

There is a minimum repair charge for the evaluation and testing of all returns (except for products covered under warranty).

## Return Shipping

All repaired products will be returned to you via second day air delivery unless you request an alternate shipping method. The cost of return shipping is your responsibility unless the product is under warranty or service agreement.

\* Effective February 1, 2014

## Warranty Terms

If the customer discovers within the original warranty period that an Instrument has a defect in materials and/or workmanship, the customer must promptly notify the Company. Also, if the customer discovers within the service warranty period that any service or repair work performed by CONMED has a defect in workmanship and/or materials, the customer must promptly notify the Company. If it becomes necessary to return the Instrument to the Company, the customer must (a) acquire a "Service Request" (SR) authorization from the Company Customer Service Department, (b) pack the unit carefully, and (c) return it to the Company.

Within a reasonable time after receipt of the Instrument, the Company will investigate and correct any defect covered by warranty by providing, at its option, one of the following: service or repair of the Instrument, or replacement of the Instrument. All parts and assemblies replaced by CONMED shall become the property of CONMED. These remedies are the customer's exclusive remedies under the warranty.

### The foregoing limited warranties do not apply to:

- » Instruments that have been tampered with, altered, neglected, or misused
- » Instruments damaged through use with other than Company authorized accessories, attachments, burs or blades
- » Instruments not manufactured by or for the Company
- » Instruments used for purposes other than those for which they were designed and manufactured, including use in any way inconsistent with the instructions and warnings contained in the Company instruction manuals and package inserts
- » Instruments that were last serviced, refurbished, reprocessed or reconditioned by a nonauthorized service entity

**THE FOREGOING LIMITED WARRANTIES ARE IN LIEU OF ALL OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING, BUT NOT LIMITED TO, THE IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE.**

In no case shall the Company be liable for any special, incidental, indirect or consequential damages based upon breach of warranty or any other legal theory. Some jurisdictions do not allow limits on warranties, or on remedies, and, in such jurisdictions, the limits in this and the preceding paragraphs may not apply.

The Company reserves the right (a) to make design changes to Instruments at any time without notice to customer and without incurring any obligation to incorporate those changes into Instruments previously purchased or leased, and (b) to make changes from time to time in the contents of any publication, instruction manual or package insert without any obligation to notify customers of such revisions or changes, and (c) to change price without notice.

## U.S. Procedure for Returns/Repairs

1. All Instruments must be cleaned and decontaminated, if appropriate, prior to return of any Instrument to CONMED. Instruments contaminated with biohazardous materials will be returned to you at your expense.
2. An authorized Service Request (SR) Number must be obtained prior to returning any Instrument for repair/return.
3. To return a product for repair, contact CONMED Customer Service. The following information is needed to process a repair/return:
  - » Catalog Number
  - » Serial/Lot Number
  - » Original Invoice Number
  - » Detailed description of the problem or reason for return
4. The SR number must be displayed on the outside of the box, included with all paperwork, and must be referred to when making an inquiry about the status of a repair/return.
5. CONMED maintains various repair centers around the world. When you are issued your SR number, you will be advised of the location where to send your product.

## Return Terms

If it becomes necessary to return a product after purchase, the product must be returned within 45 days of its ship date. The product must be returned unused, in the original packaging and be restockable. Returns must be shipped prepaid freight. Returns that are not shipped prepaid freight will not be accepted. All product returns, except those attributable to a CONMED error, are subject to a restocking fee of 15% of the purchase price or \$25, whichever is greater.

### Products Not Eligible for Credit:

- » Sterile products/single use devices returned with the outer packaging seals broken
- » Non-sterile products that have been sterilized and/or placed in the surgical field
- » Products damaged by customer misuse or negligence
- » Altered or customized products
- » Products damaged in return transit due to inadequate packaging
- » Less than full packages – all products must be in original packaging
- » Obsolete products

### Packaging

Whenever it is required to return your product, be sure to package it in a protective carton. We recommend that you save the original shipping container for this purpose. In-transit damage is not covered by the warranty; therefore, it is best to always insure shipments.
